

**SOCIETY OF UNIVERSITY NEUROSURGEONS
2012 ANNUAL MEETING
ATLANTA, GEORGIA, USA
March 18-21, 2012**

Dear Friends and Colleagues:

As the local university host of the 2012 SUN meeting, we are pleased to announce the call for abstracts for the March 19-21 meeting.

The last call abstract deadline is February 3rd. Please send your submissions to our dedicated academic email address: aneuros@emory.edu

Abstracts are currently being accepted for the 2012 Society for University Neurosurgeons. Our scientific program is planned to occur over three days (March 19-21). Oral presentations are planned to last approximately 10 minutes total. Presentations will be grouped in 5 broad categories: Basic Science, Clinical Science, Case Reports, Clinical Nuances, and Resident Education.

Abstracts should be 500 words, or less, and appear in the following format: Introduction, Method, Result, and Conclusion.

In keeping with our theme, "In the Council of Many, There is Wisdom," we will offer both panel discussions and team debates on a variety of relevant topics. Members interested in suggesting either panel discussion topics or debate topics are invited to submit them by the abstract deadline.

Again, **please send your submissions to our dedicated academic email address: aneuros@emory.edu** by February 3rd.

We appreciate your participation.

Best regards, your local hosts,

Nelson Oyesiku and Nick Boulis
Emory University
Atlanta, Georgia
