

**SOCIETY OF UNIVERSITY NEUROSURGEONS
2012 ANNUAL MEETING
ATLANTA, GEORGIA, USA
March 18-21, 2012**

Dear SUN Colleagues:

The time is nearing for the next meeting of the Society of Neurosurgeons. We at Emory University look forward to hosting you with Southern hospitality. The Terminus 2012 meeting will begin on Sunday, March 18, 2012 with an afternoon Executive Committee and business meeting, followed by an opening reception for all attendees.

Monday will highlight Emory Neurosurgery presentations, showcasing to the Society the key elements that make Emory a destination university and that make the School of Medicine a highly sought facility for clinical care, discovery and education. Following the Scientific Session, we will join spouses and family members and head to the nearby Burge Plantation, a private hunting, shooting and family club located on a historic farm just east of the city. Various activities will be available, and we will end the day with an open-pit barbecue pig roast complemented by exquisite Southern cuisine and a family-centered get-together.

Tuesday will feature the scientific contributions from members of the Society. Families will join us for lunch and a keynote presentation by our faculty member and news media commentator Dr. Sanjay Gupta. From there we will visit the Georgia Aquarium, the largest in the world, for a fascinating tour of the aquarium and underwater swimming with the sharks. Some may wish to visit other key Atlanta destinations, including Centennial Olympic Park, the World of Coca-Cola and the CNN studios. The day will culminate with an elegant gala at the hotel.

Our final meeting day on Wednesday will include the remainder of the scientific session, followed by a departure lunch at the hotel where we will say our goodbyes.

If you haven't already registered your attendance or submitted your abstracts, please be advised we have extended the deadline to February 3rd. Please see the separate postings on the SUN website for abstract submission guidelines and the registration form. If you need personal assistance, please email or call our department coordinator for this event, Jenny O'Neil, at joneil@emory.edu 404-778-5969.

Best regards from your Joint Hosts,

Nicholas Boulis, MD

Nelson M. Oyesiku, MD, PhD, FACS
